A REBRAND THAT DELIVERED 150%

Our Challenge

DNA is a UK business success story.

Founded in 2006 and run by people with a strong logistics background, they drive change in the delivery marketplace.

They needed brand and corporate styling that worked across every marketing channel.

Our solution...

OUR SOLUTION

I worked closely with DNA to create a brand that looked the part everywhere:

Visual identity: Logo design, colour palette and typography.

Guidelines: Consistency across all marketing.

Collateral: Stationery, literature and social media graphics.

WordPress website at dna2b.com

Brand in action: Clothing, signage and a fleet of branded vehicles.

The outcome...
